

REPORT OF THE IQAC EXTERNAL PEER TEAM

As the college ushers into the new academic year, a memorable year with important events and achievements has been left behind. The year gone by was a successful one for the college due to the passionate and dedicated contribution of the Management and the faculty.

We the members of the peer team met in the college on 19th June 2019 and observed that the task of producing inspiring teachers has been successfully and devotedly done by St. Joseph's College of Education for Women. We came to know that all the important days were observed by arranging either a lecture or a one day seminar or some other activity. Several programs like Workshop on Gandhiji's Nai Taleem, Blood Donation Awareness Camp, Demo on Health Supplements, observance of the Solidarity Day, Workshop on Employability Skills, Communal Survey in a nearby village etc. were conducted during the academic year 2018-2019. In addition to these activities, the regular curricular aspects like demonstrations, teaching practice, internal tests, internship programmes, record activity work were all a part of the course. The college is preparing the teachers with communicative and computer skills by utilizing the Language Lab and Computer Lab to their optimum use. Inculcating value system and discipline in the students through the morning assembly, thought for the day etc., is a regular feature. Personal guidance and counselling are available to the students through the Mentor System and Counselling Cell. Exposure to seminars, workshops and guest lectures is helping in quality sustenance. The Management spares no efforts in maintaining excellent working conditions both for the students and the staff. The institution is update with new technology in the administrative, evaluative and teaching – learning process. All necessary precautions were taken for the qualitative enhancement in the course. It is with appreciation, we affirm that the college IQAC is helping in the smooth running of the institution, with every activity being done as per the pre-fixed schedule.

(1) Prof.T.J.Rajendra Prasad
Former Dean, Faculty of Education, ANU

(2) Dr.G.Chenna Reddy
