

**ST. JOSEPH'S COLLEGE OF EDUCATION FOR WOMEN  
GUNTUR**

**MECHANISM OF OBTAINING FEEDBACK  
ON THE CURRICULUM**

The college collects feedback every end of the academic year from different stake holders like students, teachers, alumni, practice teaching school and employers and parents. The parameters include the curriculum taught, evaluation, approach, attitude, punctuality, performance, teacher involvement and engagement with students to bring excellence in teaching and learning.

The dimensions under these feedback questionnaires are

- (1) Curriculum (2) Methods/Approaches (3) Examination System
- (4) Infrastructural Facilities (5) Extension Activities.

Basing on the above lines different feedback forms were designed based on 2 point and 3-point rating scales and printed and supplied to all the stakeholders. A short counselling session is conducted on how to fill up the questionnaire and the meaning of various parameters were explained to the stakeholders.

Feedback forms were collected and the information given by them has been kept confidential and it was analyzed through statistical techniques like arithmetic mean and percentages. Suggestions and issues raised by them were cleared and Solved through proper actions taken up by the college.

Thus the suggestions given by the stakeholders will be utilized for the overall development of the institution.
