3. Lesson planning/ individualized education plans (IEP)

In the lesson planning workshop from August 13 to 14 and on August 20, 2021, participants received an orientation on creating individualized education plans (IEPs). The workshop emphasized diverse learning approaches and included creating sample lesson plans and peer reviews to refine the plans prepared by students.

4. Identifying varied student abilities

Throughout the year, lectures on various topics related to student abilities were delivered. These lectures sparked discussions among participants, fostering engagement and deeper understanding of the subjects covered.

5. Dealing with student diversity in classrooms

As part of the internship lessons conducted throughout the year, students were mentored in activities based on Multiple Intelligences. This involved preparing and executing comprehensive plans tailored to enhance various aspects of intelligence.

6. Visualising differential learning activities according to student needs

Throughout the year, lesson planning was conducted based on Multiple Intelligences, with students receiving mentorship on incorporating differential learning activities. This process focused on planning and implementing diverse activities to cater to varied learning styles.

9. Mobilizing relevant and varied learning resources

As part of the learning competencies workshop held from July 12 to 15, 2021, teachers oriented students on creating effective learning resources. Students then applied this guidance to develop various teaching aids.

10. Evolving ICT based learning situations

The workshop on E-content development, conducted from July 1 to 10, 2020, for a total of 30 hours, focused on creating resource materials, orientation, and demonstrations. Participants developed digital resources, which were then subjected to peer review and evaluation (Online Mode).

4. Identifying varied student abilities

During the Course Learning and Teaching in Semester Two (January to April 2020), the focus was on elucidating Multiple Intelligences, learning styles, gifted learners, and other learner types. The course included interactions with the teacher and interpretation of psychological tests.

P. Sivarajani
PRINCIPAL
ST. JOSEPH'S COLLEGE OF EDUCATION
FOR WOMEN
GUNTUR-522 001., A.P

5. Dealing with student diversity in classrooms

In March 2020, a discussion on "Educational Needs of Differently Abled Learners" led to the creation of a course on OpenLearn Create with relevant resources. Participation in the course focused on addressing these educational needs.

6. Visualizing differential learning activities according to student needs

During Semester Two of 2020, discussions on Learning and Teaching included Differentiated Instruction and Multiple Intelligences. The focus was on planning and implementing activities for differentiation using Multiple Intelligences in lessons.

7. Addressing inclusiveness

In Semester Four of 2020, discussions on creating an inclusive school oriented students about inclusiveness. Participants engaged actively in discussions to explore and understand inclusive practices.

8. Assessing student learning

From August 19 to 23, 2019, a 2.5-hour daily unit test workshop involved mentoring and evaluating student work. Students created unit plans, designed and administered tests, and interpreted the results.

9. Mobilizing relevant and varied learning resources

Throughout the year during the internship, a workshop on learning resources included orienting and guiding students in preparing both digital and non-digital materials. Students applied this guidance by creating and using various learning resources during their internship.

10. Evolving ICT based learning situations

During Semester One, as part of the Ability course on ICT in Education, students were oriented on using Edmodo as an LMS and online survey tools. They utilized these ICT tools individually and in groups for various educational tasks.

11. Exposure to Braille /Indian languages /Community engagement
